01 — CAD BOLT SERVICE

BOLTWEB WEBSITES

Websites for architects, interior designers and builders.

BoltWeb is CAD BOLT's website service: portfolio sites, project showcases with 3D embeds, lead-gen landing pages and AI chatbot sites — plus hosting, SEO and care. Prices are quoted after a free audit; this guide explains how it works.

02 — WORKFLOW

STEP-BY-STEP WORKFLOW

Start with a free audit of your current URL (or a new-site brief). Approve design, then we build on staging and launch on your domain.

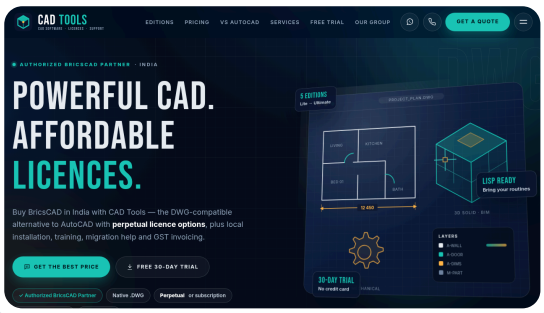

1 Free audit / brief
Share your URL or say you need a new site. We review mobile fit, SEO basics and enquiry paths, then send a scoped quote.

2 Design approval
Wireframes then a polished desktop and mobile look in navy+orange or your brand.

3 Build on staging
Pages, forms, 3D embeds, SEO and optional AI chatbot on a private preview URL.

4 Launch and care
Go live, Search Console, handover guide, then the package fix window or optional maintenance.

AI-POWERED

Quote

Business + on-site AI chatbot · lead handoff · ~3–4 weeks

TIPS BEFORE YOU BUY

- **Send your real URL** for the free audit — concrete beats vague.
- **Project media wins:** good photos/renders matter more than extra pages.
- **WhatsApp CTAs** convert well for Delhi NCR AEC clients.
- **No fake stats** on BoltWeb pages — we only claim what we can deliver.
